Dear Pat:

Thank you very much for your wonderful letter and for sending me a signed copy of *The Concrete Killing Fields*.

I'm deeply honored to be included in the book. I'm proud of the work we did together and remain grateful for your hard work and dedication. I look forward to reading about your journey and all of the experiences and insights you've had along the way.

Thank you again. All the very best for continued success.

Warmest regards.

Sincerely,
